A Nordson Company

PRODUCT RANGE

# ARAG'S KNOW-HOW

We develop, manufacture, and supply systems and components for spraying, weed control, and crop protection, boasting 40+ years of steady growth in the precision farming industry. With a catalog of over 12000 items, we provide a complete range of products that fit all sizes and needs. Our approach is based on knowledge and experience with the most demanding projects, enabling us to provide innovative and tailored product solutions for special applications.

## CONTROL SYSTEMS

Isobus Virtual Terminals

Isobus Electronic Control Units

Rate Controllers

GNSS Receivers

IOT Technology

Automatic Steering System

Multifunction Joysticks

Universal Switch Boxes

## SMART COMPONENTS

Electromagnetic Flowmeters

Paddlewheel Flowmeters

Filling Systems

Electric Ball Valves

Electric Boom Section Valves

Electric Nozzle Holders

Flow Rate Nozzle Control Valves

Control units

## FLUID COMPONENTS

Multistage pumps

Chemical Hoppers

Tank lids

Manual valves

Filters

Fittings

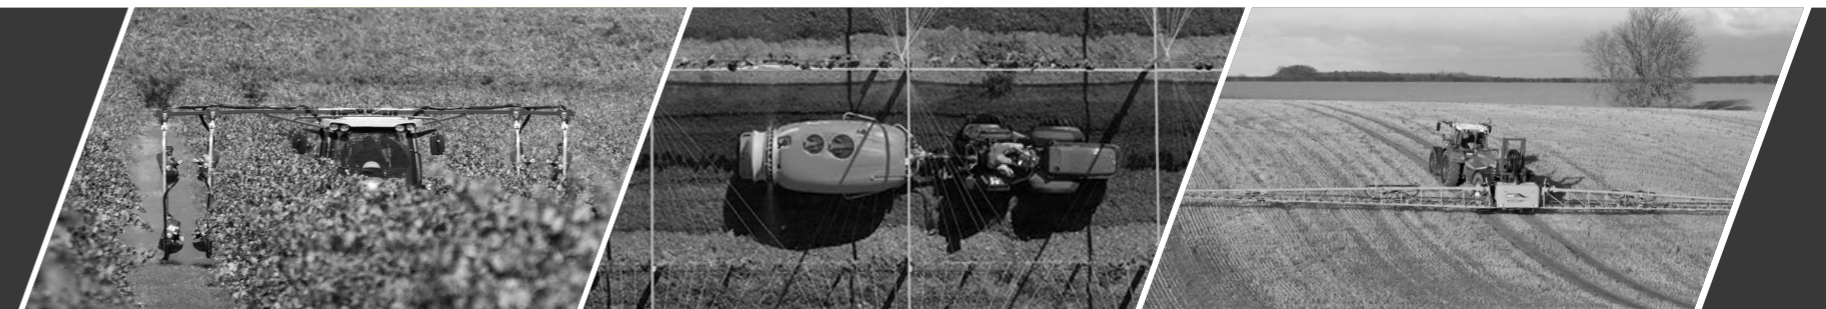

Nozzle holders

Nozzles
