380mL Coaxial Cartridge

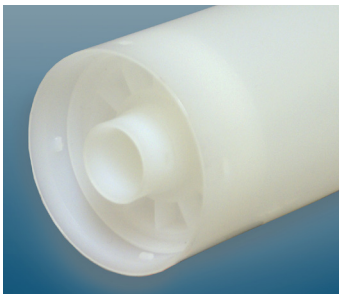
Available in 10:1 ratio only

Robust neck outlet prevents cracking.

The 380mL coaxial cartridge has a center tube that contains one material and an outer “doughnut” that contains a second material in a 10:1 ratio. The cartridge comes assembled with a valve that rotates to open and close, eliminating the need for a plug closure and retaining nut.

Features and Benefits

- Robust neck outlet prevents cracking
- Rotating valve opens and closes outlet
- Large valve bores for greater flow
- Molded valve seals ensure long, leak-free shelf life
- Partially used cartridges are easily re-sealed by closing the valve
- Pre-inserted pistons for ease of filling through the nose
- Cartridges are staked to retain pre-installed piston after filling



Coaxial design (staked)

Large bores for greater flow

Part #	Description
7026776	380mL coaxial cartridge assembly, nylon
7704170	Inner piston, PE
7704171	Doughnut piston, PE
7702589	Valve wrench

Nordson EFD

Recommended Mixers

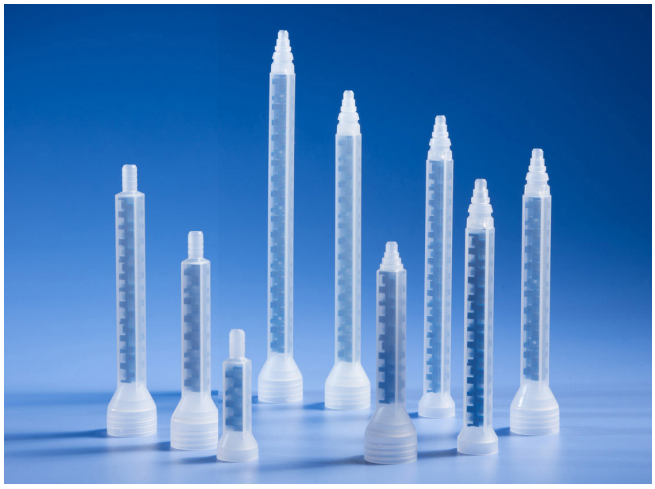
Series 480, 280, 281N, 160, 160AA, 161N, and 260

Recommended Pistons

Coaxial cartridges come with pre-installed solid multi-seal pistons. Option to purchase without pistons pre-installed.

Recommended Dispensers

Manual Dispense Gun (380mL)



The Nordson EFD Series 480 OptiMixer provides better mix quality in a shorter length.
